

**17th INTERNATIONAL
MULTIDISCIPLINARY SCIENTIFIC
GEOCONFERENCE SGEM 2017**

**INNOVATIVE FINANCING OF ENERGY EFFICIENCY MEASURES FOR
PUBLIC AUTHORITIES AND OTHER RELEVANT BODIES**
*IVANKA PANDELIEVA-DIMOVA, DSC, PROJECT MANAGER, SOFIA ENERGY
CENTRE*

Day: 05 July, 2017 / Time: 11:30 - 13:00 (duration: 1.30 h) / Hall: WORKSHOP HALL

INTEND to JOIN!?

The workshop will focus on different financial models that can be of interest for public authorities or other relevant institutions (eg. development centres, research bodies, etc.) based on the experience of H2020 CITYnvest project and on H2020 PDA Rhodoshop project (to start from September 2017).

Speaker: Ivanka Pandelieva-Dimova, DSc, (MSc in Statistics) has almost 20 years of experience in energy efficiency and renewable energy projects elaboration and execution, performing operational coordination and management of different related projects and activities. Her professional experience record includes among others managing of SEC activities under H2020 CITYnvest Project and IEE Green Twinning Project focusing on formulation of local policies for sustainable development as well as financing appraisals and project bank-ability.
